*Five Mediterranean grape varieties growing in the lush flora of the Maremma region.*

### KEPOS 2008

An enticing blend of five Mediterranean grape varieties, all grown on vineyards located near the ancient village of Roccalederighi nestled in the hills of the Maremma region.

KEPOS' inspiration was drawn from the wish of the three friends - Elisabetta, Giovanni and Thomas - to offer a different and further interpretation of the territory, a refined wine able to express the unmistakable and unique Ampeleia style.

KEPOS is the result of a careful and meticulous grape selection of determinant vineyard parcels located in lower and central Ampeleia. A wine for immediate drinking pleasure displaying aromas of Mediterranean maquis with hints of spices, flowers and fruit. Delicate and immediate fragrances enhancing the complex, intriguing and exciting personality of Ampeleia.
